

## Coding & Reimbursement

eCare's Specialty Clinic is an extension of your Facility. Specialty Clinic Providers are credentialed and privileged at the Facility, and can be enrolled within Medicare and other third party payers. After each consult visit, the Specialty Clinic Provider will enter the CPT code into the Facility's EHR to complete documentation.

Rates can be found at the Federal Register at <https://www.federalregister.gov/agencies/indian-health-service>

Originating Site: Location of the patient at the time of the telemedicine visit

Distant Site: Location of the Provider at the time of the telemedicine visit (state the Provider is in)

Home visits can be billed and reimbursed (video / phone). Phone visits will only be utilized if the use of real time video / audio technology is not possible or unsuccessful.

Below are the CPT Codes that may be entered by the Specialty Clinic Provider to allow the Facility to bill at the highest rate.

### CPT Codes with Descriptions
