3. In the search field, type the standard patient name assigned to your facility. This name can be found on the **'Login Instructions'** located on the cart.

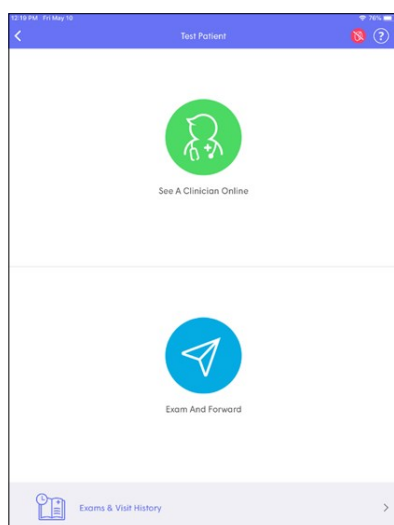

4. Select the accurate name, followed by the **'Select Patient'** icon at the bottom of the screen.

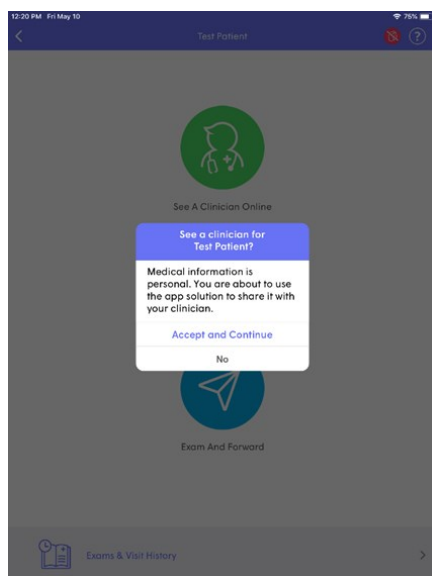

## TytoCare | Equipment Operating Instructions

5. Select '**See A Clinician Online**'.

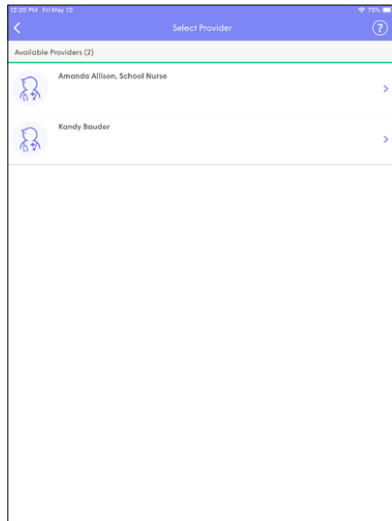

6. Display notification will appear stating '**Medical information is personal. You are about to use the application solution to share it with your clinician.**' Select '**Accept and Continue**'.

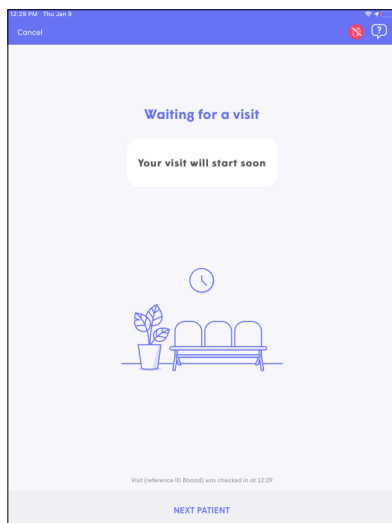

## TytoCare | Equipment Operating Instructions

7. Select the provider identified for the patient video encounter.

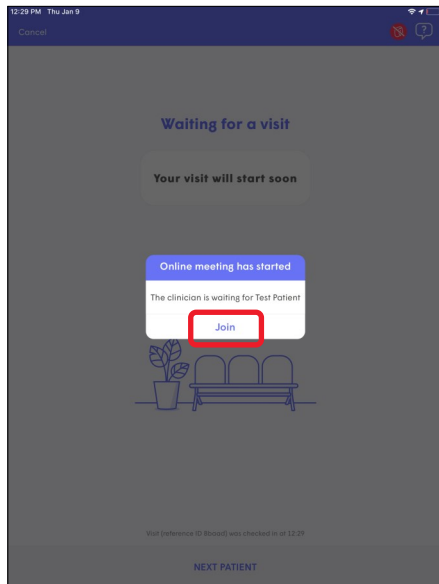

8. This screen will appear while waiting for the provider to acknowledge the video encounter.

## TytoCare | Equipment Operating Instructions

9. An audible connectivity alert will be heard when the provider has accepted the request. Select **'Join'** to start the video encounter.

10. To confirm the video encounter is active, the provider will appear on the main screen and user/patient will appear in the picture view. This indicates the video encounter is in session.
