

What is

Avel eCare Pharmacy?

Avel eCare Pharmacy provides around-the-clock access to experienced hospital pharmacists, making it possible for medication orders to be reviewed and approved prior to administration to patients.

eCare Pharmacy services include verification of orders, antibiotic review, medication dosage recommendations, and evaluation of dosing based on patient's age, weight and renal function.

How Can eCare Pharmacy Benefit You?

Do you have questions about a medication?

Call us if you're wondering about:

- What a medication is used for?
- Common side effects?
- Interactions with other medications or foods?
- Rates or alternate routes of administration?

Are you wondering if an order has been approved?

- You can check the status using Trax.

Do you have questions about an order?

- If something doesn't seem right, please give us a call.
