

Scope of Service Guidelines | Psychiatric Inpatient

Psychiatric Inpatient collaborates with local providers and nurses to provide behavioral health expertise for after-hour and gap coverage for patients 18 years and above. Services include admission support, quality documentation standards, and timely physician access for urgent needs within your inpatient behavioral health units.

- On-demand response to nursing requests and orders
- Provider-to-provider consult
- Nurse-to-nurse support
- Two-way audio/video patient consult, as needed
